Todd Neurohr, VP Ag & Commercial Lending

Mandan 4th of July Parade

Cowboy Christmas

Battle of the Banks Blood Drive

Contactless Credit Cards

Welcome, Todd Neurohr!

Todd Neurohr, Vice President of Agricultural and Commercial Lending, joined our Mandan team in May! Todd is a self proclaimed farm boy who was born and raised on a farm near Gladstone, ND where his family grew crops and raised livestock. He joined the US army after graduating from high school and later earned a degree in Business Administration and Accounting from the University of Mary. Todd likes to stay active with hobbies like hunting, fishing and camping. With 27 years of ag lending experience, Todd has helped many farmers and ranchers grow and succeed in their operation. Todd will tell you that helping a customer be successful is a great feeling each and every time. Welcome to the crew, Todd!

Mandan Fourth of July Parade, We Missed You!

We missed seeing all of your faces at the Mandan Fourth of July parade this year! We also missed having a large stash of laffy taffys in our conference room for a week leading up to the big day. Until next year, we will work on strengthening our candy throwing arms and putting together a fantastic candy order for the conference room, we mean parade float! :) We look forward to seeing you at the parade next year!

Ag Lender By Day, Rancher/Cowboy By Night

Security First Bank of ND's Assistant Vice President of Commercial and Ag Lending, John Pfaff, wears many hats this time of year. If he's not helping his customers at the bank or out checking cows, he's likely to be found at his roping arena or competing at various professional and amateur rodeos across the upper Midwest. John isn't one to brag, but we found out that he's quite accomplished in the rodeo arena! Just a few of his career highlights include; ND High School Rodeo Association State Champion Calf Roper, Roughrider Rodeo Association Calf Roping Champion, College National Finals Rodeo Calf Roping Qualifier, North Dakota Rodeo Association Calf Roping Qualifier, and the list goes on!

The week leading up to, and following, the 4th of July holiday is a special time for John and his family, and all cowboys and cowgirls. There are so many rodeos being held over that short period of time, that it's become known as "Cowboy Christmas." The Mandan Rodeo Days 4th of July celebration is part of "Cowboy Christmas," and this year it was bigger and better than ever. With so many major rodeos across the country being cancelled due to Covid-19, Mandan Rodeo Days saw a record number of contestants and was a

top destination for professional rodeo athletes from Canada and the United States.

Security First Bank of ND has been a longtime supporter of the Mandan Rodeo Days, but this year was made even more special by having one of our own employees compete in the rodeo. Pfaff wrapped up his 4th of July weekend by roping in Mandan, after he competed at the PRCA rodeos in Killdeer and Mobridge the day prior. While Pfaff's competition runs didn't go as well as he hoped, he is proud to be a part of the Security First Bank team that actively supports important community events like Mandan Rodeo Days.

Mandan Battle of the Banks Blood Drive

The annual Mandan Battle of the Banks blood drive took place on July 7th and 8th. We came, we gave, we drank water and ate snacks as instructed! Although we don't have final results of the competition yet, we feel good that we did our best to provide a valuable resource in our community.

Touch-free service at checkout

You can now use your Security First Bank credit card to pay at merchants that have contactless card readers. Just look for the "wave" contactless symbol and tap to pay!

Give us a call to
update your card to
contactless!

We'd love to hear from you.
