## Customer Highlight: Anderson Motors

### A VIP Vehicle Buying Experience

Anderson Motors was just a twinkle in Andrew Anderson's eye when he attended an auto auction with his dad, Tracy. Together, they purchased a vehicle, restored it, and sold it. Andrew was hooked.

Soon after, Andrew started Anderson Motors. Serving his hometown of Center, plus the Bismarck, Mandan and surrounding areas, Andrew will help find the perfect vehicle for you and deliver it to your door. Andrew also customizes any vehicle with special tires, rims, lift kits or sound systems to help the vehicle look and perform exactly how his customers want.

Andrew is not only passionate about vehicles, he loves animals. In honor of his four-legged family member, Summit, who was adopted from a local shelter, Andrew offers a special custom off-road package called the "Summit Edition". As part of the deal, Andrew makes a donation to the animal shelter of your choice.

Andrew strives to provide great customer service by making sure every vehicle has a clean history, the interior is detailed, and checks all of the boxes on customer's wish list. Seeing his customers happy with their purchase is very fulfilling for Andrew, and he is proud to be a business owner in the Center community.

To learn more about Anderson Motors, visit [www.andersonmotorsnd.com](http://www.andersonmotorsnd.com), or find them on Facebook and Instagram.

Andrew and his wife, Jessica, are also excited about giving Summit a sibling! They are expecting a baby in October.

## Security First Agency Welcomes Trevor Huck

We are excited to announce a new addition to the Security First Agency team! Trevor Huck is a new Agent/Customer Service Representative at our Bismarck office. He specializes in life, health, home, auto and commercial insurance.

Born and raised in Mandan, and a graduate of BSC, Trevor enjoys serving the community he's grown up in. He helps coach the Mandan Middle School baseball team and is also the Hockey Development Coordinator for the Mandan Hockey Club.

The summer will be an exciting one for Trevor; he marries his fiancé, Kaley, on June 25<sup>th</sup>!

Welcome to the team, Trevor!

## ICBA Chairman appoints Sarah Getzlaff as Chairman of its Housing Finance Committee

This spring the Independent Community Bankers of America (ICBA) announced that Security First Bank CEO, Sarah Getzlaff, was named to serve a second term as Chairman of ICBA's Housing Finance Committee. ICBA is the nation's voice for community banks.

In addition to helping shape and advocate ICBA's national policy positions and programs, Getzlaff's duties include engaging in grassroots activities in North Dakota to promote sensible mortgage lending policies and serving as a liaison between community banks and ICBA staff and leadership in Washington, D.C.

## Local Community Bank Leaders meet with ND Senators and Representative

Sarah also recently joined other North Dakota community bank leaders in meeting with U.S Senators, John Hoeven and Kevin Cramer, and U.S. Representative Kelly Armstrong to discuss important issues and advocate for community banks in our state. Sarah and her colleagues discussed the importance of community banks, especially in smaller communities that the larger national banks don't serve, and ways to make mortgage loans more affordable in rural communities.

## Local Veterans Serving the Community

Members of the Miller Linn Post #90 American Legion replaced flag poles around the community of Center this month, including the one at our Center bank. In the past three years, this group has replaced over 30 poles. The Bank's flagpole in Center was the first of six scheduled for this year. They also lower flags in the community to half-staff on days of special observance and raise them back up afterward.

**Thank you for your service, past and present!**

Left, back row: Lee Reinholt, Dan Wahlman, Ken Mettler, Jim Fagerland, Dwight Henke & Clark Gullickson  
Front row: Harold Wilkens, Melvin Lennick, Rod Hatzenbihler, & John Hoffman.

There have been 27 versions of the American flag. The current design was created in 1958 by a 17 year old high school student named Robert Heft. He submitted the design as part of a contest and was chosen by President Eisenhower as the winner from over 1500 submissions.

**Do you know what an expert on flags is called?**

Be the first person to send us a private message on Facebook with the correct answer and win a prize!

Did you know that the first flag poles were made of wood? In the 1900s, steel became a common material used. Today, aluminum is the most popular material used in flagpole construction.

# Remember to keep your personal information safe.

## Refuse Access to your Computer

- NEVER allow access to your computer from unsolicited requests.
- Don't call the number or click on the link in a pop-up message such as: "Your computer has been infected with a virus, please call support at 888-888-8888 to fix this problem IMMEDIATELY!"
- DO CONTACT YOUR LOCAL TRUSTED COMPUTER STORE FOR ASSISTANCE.

## STOP-Don't Click, Don't Send

- Don't click on a link from an unsolicited email or text message
- Don't provide card information just because someone says they need it.

## Keep Your Information Secure

- Shred your documents prior to throwing them in the trash.
- NEVER give out your bank information, credit card numbers, or social security numbers.

## Investigate Origin

DON'T send payment until you verify the request is valid.

- Law enforcement doesn't call people with warrants and request payments for bond.
- IRS will NOT call and request a pre-paid card, gift card, and/or money wire for back taxes.
- Verify with a trusted loved one before sending money to a family member in trouble.
- DON'T TRUST MONEY REQUESTS from anyone you meet online!

## Your Personal Information is Always at RISK.

Fraudsters can create spoof emails, text messages, computer pop-ups, and phone numbers that look like legitimate communications.

We'd love to hear from you!
